Payroll processing traditionally is a complex task to complete successfully. After the technical work is finished, a significant amount of work is required to distribute a check or direct deposit advice the funds to each employee. Today, much easier, time- and money-saving technologically can allow employees to securely access their payroll and W2 information: the Internet-based solution—Payroll eStub.

Payroll eStub offers the following benefits:

- **Benefits to Districts**

- Reduced time to process payroll
- Reduced amount of employee inquiries
- Supply savings
- Reduced equipment usage
- Elimination of check reprinting

- **Benefits to Employees**

- District-approved access to payroll information from any computer with Internet access
- Payroll history available by pay date
- Ability to print pay information or detailed accruals from the Internet

- **Benefits for Web W2s**

- Availability of multiple years
- Miscellaneous uses: bank, mortgages
- Accessible from lending institution, if allowed by district

Reduce paper-based solutions with the power of the Internet

Year end is a particularly busy time due to employee year-end-pay inquiries. With Payroll eStub, employees can even have direct access to answers, even from their home computer.

Rest assured that security is tightly integrated into Payroll eStub. Employees must authenticate their access, and an audit trail is maintained for all access activities.
